Traxxas Power Cell LiPo Batteries

The Only LiPo Batteries Engineered Specifically for Traxxas Models

Traxxas is proud to introduce high-capacity, high-performance Power Cell LiPo batteries, the only LiPo batteries engineered specifically to fit Traxxas models and deliver their full performance potential.

Traxxas Power Cell LiPo packs are available in a wide variety of capacities and configurations. See the enclosed sheet for a complete list of available packs and their applications. All are equipped with a High Current Connector and standard balance plug. Batteries are shipped in colorful retail packaging.

To assure your customers get maximum performance from their Traxxas Power Cell LiPo batteries, Traxxas will also offer The EZ-Peak Plus. This fully programmable balance charger can also be used with all Traxxas NiMH Power Cell packs.

Pricing for the new Power Cell LiPo line and EZ-Peak Plus charger will be made available shortly. The batteries will begin shipping over the next several weeks. Please reserve your Power Cell LiPo packs today to be certain you are among the first to offer the only LiPo batteries engineered by Traxxas, for Traxxas!
