

Exo-Carbon Wing for 1/16 Fiesta and Ken Block Gymkhana Fiesta

Add a high-tech, carbon-fiber look to your Traxxas 1/16 Fiesta and Ken Block Gymkhana Fiesta! The innovative Exo-Carbon finish forms a tough, glossy skin that simulates the appearance of woven carbon fiber on the molded plastic wing. Exo-Carbon resists abrasion for long-lasting good looks, and the wing installs in seconds using the included hex hardware.

Exo-Carbon Features:

- Easy-to-install kit transforms Fiesta with a unique high-tech finish
- The smooth, glossy finish resists abrasion for long-lasting good looks
- Carbon finish adds another dimension of customization
- Includes mounting hardware
