PRESS RELEASE

Traxxas TQi 2.4GHz High-Output Radio System with Docking Base Now Available With E-Maxx & E-Revo Brushless Edition, Revo 3.3, and Slash 4X4 Ultimate

E-Revo Brushless Edition #5608

E-Maxx Brushless
Edition #3908

Revo 3.3
#5309

Slash 4X4
Ultimate #6807

Includes TQi
Docking Base

Traxxas TQi 2.4GHz Radio System With TQi Docking Base Features:

- Sleek Design with Internal Antenna
- Included Docking Base Connects TQi with Apple iPhone or iPod touch
- Free Traxxas Link Application Provides Visual Access to:
 - Real-Time Telemetry
 - Customizable Dashboards
 - Fully adjustable Steering and Throttle percentage (dual rates), sensitivity (exponential), end points, and sub-trim.
 - Profile customization and sharing
 - Manage an unlimited number of models with Traxxas Link
- 5-Channel Receiver with 3 Telemetry Ports
- Traxxas Link Model Memory for up to 30 Models
- Built in Failsafe
- Direct Sequence Spread Spectrum Technology (DSSS)
- Uses only 4 AA Batteries

E-REVO

BRUSHLESS EDITION

E-Revo Brushless Edition Features:

- **Now Includes** TQi 2.4GHz High-Out radio system with TQi Docking Base
- Integrated dual battery compartments with quick release battery doors
- Includes two 8.4v Power Cell NiMH batteries
- Castle Creations Mamba Monster Electronic Speed Control
- Dual digital waterproof steering servos deliver 250 oz-in of torque
- Hard-anodized Teflon®-coated shock bodies with TiN coated shock shafts
- 17mm blue-anodized splined aluminum wheel hubs
- Sealed pivot ball suspension
- Sealed limited slip differentials

E-Maxx Brushless Edition Features:

- **Now Includes** TQi 2.4GHz radio system with TQi Docking Base
- Castle Creations Mamba Monster Electronic Speed Control
- Includes two 8.4v Power Cell NiMH batteries
- Dual digital waterproof steering servos deliver 250 oz-in of torque
- 17mm blue-anodized splined aluminum wheel hubs
- Sealed pivot ball suspension
- Sealed limited slip Revo-spec differentials
- Wide-track, 8-shock suspension system
- Quick-release battery hold-downs
- Black-chrome split-spoke wheels
- Massive 6.3" Maxx tires
- Revo®-Spec Torque-Control™ slipper clutch

E-MAXX

BRUSHLESS EDITION

REVO

3.3

Revo 3.3 Features:

- **Now Includes** TQi 2.4GHz radio system with TQi Docking Base
- TRX 3.3 Racing Engine with EZ-Start® electric starting
- Tall 6.3" all-terrain Maxx®-sized tires mounted on 3.8" mirror-chrome Hurricane™ wheels
- Resonator™ dyno-tuned dual-chamber pipe
- Sealed, tunable limited-slip differentials
- Digital, ball bearing high-torque steering servos
- Auto-shifting two-speed transmission with reverse
- Torque-Control slipper clutch
- Powerful 42mm disc brake
- Includes fuel filler bottle, EZ-Start battery, NiMH receiver battery, spare glow plug, charger, and spare air filter elements—a \$100 value

Slash 4X4 Ultimate Features:

- **Now Includes** TQi 2.4GHz radio system with TQi Docking Base
- Includes 8.4v Power Cell NiMH battery and charger
- 40+mph Out Of The Box...60+mph All-Out!
- Velineon® Brushless Power System with waterproof VXL-3s speed control
- Ready-To-Race® With Included Traxxas Power Cell NiMH Battery
- High-torque waterproof steering servo
- Revo-Spec sealed, silicone-filled differentials
- Includes optional center differential
- Installed front and rear swaybars
- Adjustable Torque-Control™ slipper clutch
- Precision high-quality hex hardware throughout
- Big Bore aluminum-body shocks with titanium-nitride shafts

SLASH 4X4

ULTIMATE

Traxxas TQi 2.4GHz Programmable Radio System with Docking Base™

The all-new Traxxas® TQi™ radio system arrives with a full complement of tuning features, long-range 2.4GHz signal, and proven Traxxas reliability for rock-solid performance. It's so advanced, it doesn't even need an external antenna. However, the most important new feature may already be in your pocket. The TQi transmitter equipped with the **TQi Docking Base** transforms your iPhone® or iPod touch® (not included) into a powerful tuning tool for your Traxxas model. The device's display combines with the free Traxxas Link™ App to deliver an intuitive, high-definition, full-color **graphical user interface** that unlocks the mysteries of optimizing your radio system for ultimate vehicle control. Gone are the clunky controls and blocky monochrome graphics of yesterday's radio systems, replaced by a **full-color, high-resolution display** with simple, intuitive touch-and-slide controls. Install optional telemetry sensors on the model, and Traxxas Link displays **real-time data** such as speed, RPM, temperature, and battery voltage with stunning graphics. Traxxas builds the world's fastest Ready-To-Race radio-controlled models, capable of speeds that exceed 100mph. That level of performance demands **precision control**. Traxxas Link gives you the tools for exacting adjustment and superior control while always keeping you informed on your model's status and speed.

Exclusive Traxxas Link and Multi-Function Knob

Included TQi Docking Base

5-channel 2.4GHz Micro Receiver

Traxxas TQi 2.4GHz Radio System With TQi Docking Base Features:

- Sleek Design with Internal Antenna
